

Dear Prospective Volunteer,

Feed Sacramento Homeless was established in 2014. Its mission is to overcome hunger, build families, and strengthen the community. Our volunteers work very closely to our homeless friends in the community. We make every effort to place volunteers in the position of their interest. However, volunteer position availability varies.

Your completed application should be emailed to feedsacramentohomeless@gmail.com prior to phone interview. Once you have read and signed the program, policies and procedures, to becoming a volunteer, a member of the staff will contact you by phone with more details.
